THE NEWS THIS MORNING.

Foreign.-Mr. Gladstone bed by a bad cold, = Joseph Chamberlain spoke at Birmingham on the course of the Liberal-Unionists. === A collision occurred between English and Portuguese on the Zambesi. The yellow faver at Rio is spreading. ==== Dr. Miquel, Prussian Minister of Pinance denies that he will resign. - The English had another fight with slave-dealers in Gambia.

Congress.-Both housese in session, === Senate: The Bland bill was pushed to the point of final passage by the Democrats and silver Republicans before the minority realized what was happening; a vote was avoided only by adjournment, - House: The Pension Appropriation bill was passed without a division.

Domestic.--A mass-meeting has been called in Troy to protest against the murder of a Repub-Hean watcher at the polls. - Further returns from the cities and towns of this State show the completeness of the Republican victory. Representative Blanchard was appointed by the Governor of Louisiana to fill the vacancy caused the resignation of United States Senator the present board of Bridge Trustees was passed by the Senate at Albany. - A condition of chaos and lawlessness exists at Trenton, resulting from the attempted theft of the Senate by the Democrats.

City and Suburban.-The Stock Exchange firm of Hunter, Clarke & Jacob suspended, on account of the unauthorized operations of Herman Clarke. = Captain Duryea, of the sloop Mary F. Duryea, was found dead in the cabin of his vessel; murder is suspected, and a warrant has been issued for the arrest of his mate. === John Y. Hallock was arrested, charged with misapproprinting \$65,900 of the funds of Theodore Pabst & Co., china merchants, ---- Professor George Gunton lectured before a large audience on "Th Economy of High Wages." = Stocks strong and at the close substantially higher. Sugar Refining was still foremost, but advances in the Granger stocks were more significant. Final changes almost universally advances.

The Weather.-Forecast for to-day: Fair. Temperature yesterday: Highest, 59 degrees; lowest, 49; average, 53%.

Park Commissioner Straus was able yesterday to present a satisfactory explanation regarding the manner in which he had disposed of the employment tickets intrusted to him. If the other tickets had gone as largely to men and women in charge of relief associations there would be no ground for complaint; but Commissioners Tappen and Clausen sat silent when they heard Mr. Straus's explanation, thus in effect pleading guilty to the charge that they have distributed tickets with a lavish hand to Tammany "district leaders." Thus far the million-dollar appropriation has been more fruitful in the way of scandal than in supplying work to those who sadly need it.

promoting "sneak" bills in a Democratic Legislature-was resorted to in the Senate at Washington yesterday in advancing the Bland 'vacuum" measure. The Republicans and honest-money Democrats were caught napping. Senator Faulkner, who was in the chair, aided largely in carrying out the schemes of the friends of the Seigniorage bill.
